

IN THE SPECIFICATION

Please delete the paragraph at page 14, line 28 through page 15, line 9 of the specification-as-filed (starting with the phrase “The techniques and structures” and ending with the phrase “a transmission medium”) and replace it with the following replacement paragraph:

The techniques and structures of the present invention may be implemented in any of a variety of different forms. For example, features of the invention may be embodied within cellular telephones and other mobile communicators, pagers, portable computers, PDAs, network interface cards (NICs) and other network interface structures, integrated circuits, wireless access points, network servers, as instructions and/or data structures stored on machine readable media, and/or in other formats. Examples of different types of machine readable media that may be used include floppy diskettes, hard disks, optical disks, CD-ROMs, magneto-optical disks, ROMs, RAMs, EPROMs, EEPROMs, magnet or optical cards, flash memory, and/or other types of media suitable for storing electronic instructions. ~~In at least one form, the invention is embodied as a set of instructions that are modulated onto a carrier wave for transmission over a transmission medium.~~
